Vendor Name _____

Power requirements:

All vendors must be plug and play. We do not hard wire anyone into a power source. Vendors must provide the appropriate cords and plugs. Every attempt will be made to supply power to within 75 feet of vendor location. Large power requirements may restrict vendor location. All equipment used must be CSA/ESA/ULC certified. We cannot provide additional cords or plugs.

Types of all plugs must be specified and described specifically or a photo must be provided. (example: oven 240 plug with twist lock) Please list what the power will be used for as well (example: freezer, deep fryer, lights etc.)

Power needed:

Location may be dictated by the power required.

Other details we may need to accommodate your booth.

The indemnification form is included and is part of the Vendor Agreement.
